

INTEGRATED MANAGEMENT SYSTEM POLICY

We, at Arshiya Ltd, shall strive to demonstrate total commitment to excellence in Environment and Safety Performance, continually, in the execution of all operations through:

- Implementation of ISO 9001:2015, 14001:2015, OHSMS 45001:2018 & ISO 50001:2018 standards.
- Implementation of TRS 957-2010 Annex – V guidelines (by the WHO)
- Assessment and minimisation of environmental impact arising out of processes, activities and services.
- Mitigate and control potential Occupational and Health hazards at work sites and in office areas.
- Minimum energy consumption.
- Conduct operations in accordance with all applicable laws, regulations, and other requirements.
- Anticipate IMS issues and promote appropriate voluntary initiatives that support this policy.
- Ensuring awareness among employees, contractors and other stakeholders for maintaining a safe, injury free and pollution free working environment.
- Conservation of natural and energy resources.
- Communication of this policy to all our employees, contractors and all stakeholders at large to convey a strong sense of Corporate Responsibility.
- Customer & Interested Parties Satisfaction.
